Specifications

Physical Specifications

Size

- 17" W x 10.9" D x 4.6" H (432 mm W x 276 mm D x 118 mm H)
- 5.73 lb (2.6 kg)

Construction

- Aluminum construction

Electrical Specifications

Input Voltage Range

- DC input power for the Voyager 4 slim
 - 12 VDC (12 Amp)
 - 28 VDC (9 Amp)
 - 48 VDC for PoE (2 Amp)

Key Features

- Support for up to four Voyager modules including Voyager 1 battery packs if attached.
- Multiple mounting options with mounting holes on the front, rear and sides of the chassis.
- Lightweight aluminum construction.
- DC input connector for connecting a 12 VDC power source. Ensure that the input power matches the power rating of the Voyager modules installed in the chassis.
- PoE power input connector for connecting a separate 48 VDC PoE power source.
